(Special to The Times.) Philadelphia, Sept. 17.-The races that vere to have taken place at the Tioga track last night were postponed on account o

The racing men who came to the city to take part in these races will not be put out, as they intended to remain here until after Saturday to attend the South End meet. This event will unquestionably be the most important club meet of the year. Quite a number of Class B flyers have al ready made their appearance. Terrill, the big California giant, and Wells, his eam mate, who also comes from the Pacific

coast, arrived here on Sunday and yester day J. P. Blies, the little Chicago flyer, who last season broke all the world's rec ords and established a new one for Tiogs track, came in with Tom Cooper, the De troit man, who has proved the great surprise of the year.

The professional cracks, Sanger, Tyler, Wheeler, Coleman, Haker, Starbuck, Eston and others, arrived in town yesterday and were ready to race last night, but were well satisfied at the postponement. They were fatigued by their journey from Boston, but the postponement will enable them to rest.

Following the Philadelphia meeting on Saturday, the bicycle riders will start on the Western trip. It is settled that nearly all of the riders ranking as leaders in the bicycle world and many others will take part in this trip, and ride to the finish of the circuit. Bald, Caspar, Bliss, Sinis and others have made their arrangements to go, while Murphy, Titus, Maddox and Brown are almost sure to follow. About ten days will probably be spent training at the famous Louisville track before the two months' slege of constant traveling and racing in the far West is begun.

In the party that will go to the coast will be John A. Johnson and six pace makers. Johnson will go for records at San Jose. His quad team will be steered by Pat O'Connor, who steered quad for Mike Dernberger in his mile in 1:45, cutson has dates arranged through to the coast by way of Texas, and on the coast to the 1st of January. The Louisville meet occurs October 2, following which two methods without bagging at the knees or bunching out at the shoulders. He never saw a race track until while visiting days at Nashville and Louisville is another week of rest, and then St. Louis October 9; Council Bluffs, October 11 and 12; Lincoln. Neb., the 14th; Omaha the 15th. Immense area (100,000 square feet). Carefully graded and smooth tracks, 25 feet wide. No pests or rails to interfere. Dress.

Denver will attempt to outdo its great record of last year, at the coming bicycle meet, and riders in every part of the country ire now heading toward that town. Al of the noted riders that do not go as far as the coast will go to Denver. Pueblo, October 22, and Salt Lake City. October 25 and 26, Hot Springs, Utahthe 29th and 30th, close the season east of the Rockies, and November 1 the Cali fornia circuit opens, comprising fifteen days of racing in one month. For the month of December races are being ar ranged in Arizona, New Mexico and Texas. In Southern Texas many of the first class riders will find a haven for the winter and enter the California circuit in the spring The party traveling westward will have a special car throughout the trip, and as the best members only of the teams have been elected the party will be a large family.

Tom Winder, who will arrive here or Thursday, is making one of the most renarkable bicycle journeys on reconl, says a New York paper. He has undertaken to ride his wheel or push it around the United States, keeping as nearly as possible to the coast and international boundary lines, and to accomplish the circuit in 300 con secutive days. The journey is estimated on an average at least seventy-two miles are on the verge of closing. Where will and Territories in accomplis the outlaws go then? One of the men who came to the front with a jump at the Springfield meeting was Little Rigby, of Toledo, Ohio, Rigby has been known heretofore as a "pot-hunter." He was a star is this class. With his partner, Bernhardt, he attended many and Illinois last year, and the pair got away with more than 200 prizes. Thi year Rigby went to the Canadian circuit, He did well there, and finally tackled Springfield.

Including winnings at the Buffalo meet ing, Bald has taken during this season 22 first, 11 second and 4 third prizes, valued at \$3,205. Cooper has won 25 first, 6 second and 4 third prizes, of the value of \$2,953. Cabanne has won 14 first, second and 7 third prizes, of the valof \$2,345. Titus has won 8 first, 7 second and 10 third prizes, of the value of \$1,874. Murphy has won 7 first, 14 second and 4 third prizes, of the value of \$1,753. Gardiner has won 11 first, 3 second and 5 third prizes, of the value of \$1,745

The percentage table of the national bicycle circuit shows that Fred Sims, of this city, has started in 17 races this year. has been defeated by 44 men, and has a percentage of .560. Sins has won one first prize, five second prizes and nine third prizes, of the value of \$675.

Many bicycle riders claim that circui chang to them does not pay. Maddox and Sims are among this number. Maddox has been laid up the better part of two seasons from accidents and sickness, while Sims' ten-mile race at Manhattan Heach and his fall at Battle Creek knocked him out of ng for many good prizes.

Kinetoscope Matter Looked Upon as a Subterfuge to Get Bob to Buck Out of the Fight.

(Special to The Times.) Objecto, Bept. 17.-The report sprea-

round this city yesterday that Don Stuart Entries for Saturday's Events in the had informed friends here that it was true that the kinetoscope privilege for the Corbett and Fitzsimmons fight had been sold to W. A. Brady, has created no end of surprise among the better judges of sporting affairs.

All of the leading sporting men her say that if Stuart had given this matter the proper thought he certainly would not have made any such bargain with Brady, for New York, Sept. 17 .- The official list of he could not but have foreseen that it was ntries for the international games next bound to make trouble that would in all Saturday was given out last night at the probability end in breaking up the fight.

New York Athletic Club. The New York While it is conceded that Stuart had : Athletic Club team was finally approved perfect right to dispose of this privilege, it by Capt. H. H. Baxter to-day. is held that he has shown extremely bad judgment in turning it over to the Corbett It is a thoroughly representative earn and should uphold the hotter of the Mercury party. It is pretty generally agreed that foot organization. The only entry which Brady and Corbett are about the most grasping team that the prize ring has had to deal with in many a year. aused surprise was that of H. S. Lyons as second string in the half mile.

But in Pitzsimmons, it is believed, they have picked up a pretty shrewd one. Fitz ferred A. S. Remington, of the Suffolk A. is something of a lover of money him C., of Boston, who joined the ranks of the but he likes to have it to spend. He is N. Y. A. C. for this event. Capt. Baxter not a good saver. Fitzsimmons in this con-troversy has the best end of it, for, if he says "I won't fight," what are Stuart, Brady, Cornett, et-al, going to do about it.

In fact, it is the general opinion that Fitz-simmons is entitled to a share in the Kilpatrick. J. V. Crum, who was not a kinetoscope deal. He could go before his machine with any good boxer for imited number of rounds and set \$5,000 or \$10,000 for his performance. At least, he could have done so awhile back, for it is said the kinetoscope company made him such an offer.

It is not, therefore, any wonder that he is kicking about Corbett and Brady taking the proceeds of this deal, when he is to be as much a part of the performance as Corbett, and he has been advised by friends here to hold fast to the position e has taken, and if Corbett and Brady refuse to share reasonably with him, to refuse to enter the ring.

This would certainly put Stuart and

the Florida Athletic Club into a bole that they would find it bard to get out of. for they have already spent thousands and thousands of dollars getting ready for the fight, and every dollar of this money would be a dead loss.
